## ROGERS CAN JUST GUESS WHAT LINDY FEELS LIKE SAYING

(Special to The News)  
DETROIT, May 21.—Lindbergh yesterday where Mr. Hoover and his advisers cut down the size of Germany's payment for our sightseeing in there after the armistice. That sounds like a fair decision.

What was in and those allies doing, going in there after it was all over, anyhow? It looks like making Germany pay for the paybackers of her own general.

See where some paper is afternoon says "Lindbergh's life has been threatened." I imagine he feels like telling them, "Well, if you will just let me alone for one year and don't anybody bother me, you can have my life."

Yours,  
WILL ROGERS.

## Final Plans Are Completed For Memorial Day

Committee From Veteran And  
Patriotic Organizations  
Meet Last Evening

## PARADE FOLLOWS THEATER PROGRAM

Details Named To Decorate  
Graves And Also To  
Visit Schools

Arrangements for the annual observance of Memorial Day were completed at a meeting of representatives of veteran and patriotic organizations in the Legion Home Association Building last evening.

The annual Memorial Service to all veterans organizations will be delivered Sunday evening, May 26th in the First Presbyterian church, with the pastor Rev. W. E. McClure delivering the sermon.

It was announced that the annual water service of the G. A. R. Ladies would be held the same evening on Water street at 6:30, with Rev. George M. Landis the principal speaker.

In Capitol Theatre  
The annual Memorial Day exercises will be held in the Capitol theatre at 9:30 on the morning of Memorial Day. Rabbi J. B. Menkes will pronounce the invocation and benediction, while the principal speaker of the day will be Attorney Clarence A. Patterson, a veteran of the World War. Music for the service will be furnished by the Senior High School chorus.

Following this service, the annual parade to Greenwood cemetery will be staged, where further exercises will be carried out. William H. Dunlap, (Continued On Page Two)

## Gene Tunney Is Being Sued For Immense Sum

Stamford Conn., Real Estate  
Owned By Tunney, Former  
Champion Attached

## LAND IS SEIZED WORTH \$100,000

(International News Service)  
STAMFORD, Conn., May 21.—Stamford real estate owned by Gene Tunney was attached today in a suit for \$500,000 for alleged breach of promise.

Papers were served by Deputy Sheriff Michael Ryan of Stamford, at the request of Deputy Sheriff John J. Maley of New Haven, who with a New Haven attorney, came here for the purpose. At the same time all Stamford banks and the two banks in Greenwich received papers that would garnish any money Tunney may have on deposit there.

The real estate attached consists of two separate parcels, one of 75 acres and one of four acres. Tunney purchased the land a year ago and announced his intention of building a home there.

The land is assessed at \$100,000.

NEW HAVEN, May 21.—After first attaching property of James J. (Gene) Tunney at Stamford, Conn., Col. Lewis L. Field, was enroute to Bridgeport today he said to file a suit for \$500,000 damages for breach of promise against the former heavyweight champion of the world.

Field's attorney for Mrs. Katherine King Fogarty, of New York and Fort Worth, had announced earlier in the day that he would file the suit against Tunney for his client. Before actually filing the action, however, he hurried to Stamford, where the former champion has property and served attachments.

GREENSBURG, Pa., May 21.—A new airport will be established in the near future it was announced by M. R. Scharf, president of the Main Aeronautical company of Pittsburgh.

Seven hundred acres of land adjacent to the Lincoln highway have already been purchased for the field. Scharf said and plans call for the construction of two 3,000 foot runways and two hangars within the next two or three months.

## SPECIALIST ON CLINIC STAFF DEATH VICTIM

Dr. George W. Belcher Dies Of  
Pneumonia—Result Of  
Poison Fumes

(International News Service)  
CLEVELAND, May 21.—The death toll of the Cleveland Clinic disaster reached 125 today when Dr. George W. Belcher, specialist on the clinic staff, died at Mt. Sinai hospital.

Pneumonia, which set in as a result of the ravages to his lungs by the deadly nitric fumes that permeated the clinic from burning X-ray films last Wednesday, caused Dr. Belcher's death.

## Only Fourteen Prisoners Are In County Jail

Three Women And Eleven  
Men And None Of Them  
In For Serious  
Crimes

LAST MAN SENT UP  
BY CITY APRIL 21

That good old song which maintains that "The world is growing better, and better every day," seems particularly applicable to Lawrence County just at present, judging from records at the county jail.

At present the jail contains only eleven men and three women. This is the lowest number at any one time since Sheriff H. M. Reynolds took charge, according to a statement made this morning by Deputy Sheriff William Reynolds.

No Serious Offenders  
There are no murderers, or other prisoners awaiting trial for serious crimes. Of the eleven men, four are serving time for driving automobiles while intoxicated, one is in for forging a small check, one for receiving stolen goods, and the balance for violation of the prohibition laws.

Of the women in jail, two who are colored, are in for violations of the liquor laws and one for violation of the carotic laws.

Liquor law violations, in one form or another, account for ten of the fourteen prisoners in jail.

Deputy Sheriff Reynolds states that no prisoners have been committed from the mayor's office since April 21, just one month ago. This would indicate that the city of New Castle is on the map as a "clean city," along with many other attractions.

## Bunion Derbyists Enter Cow Country

(International News Service)  
ODESSA, Texas, May 21.—C. C. Pyle's tired trotters left Odessa today for Monahans, across the heart of the Texas cow country.

Johnny Sajo, the hopping copper of Passaic, N. J., and his closest rival, Pete Gavuzzi, board Italian and loyal subject of King George, tied for fourth place into Odessa from Midland yesterday. Sam Richman continued his hard running and led the pack over the 21 mile jaunt to make it in a time of 2:24:40.

The fliers planned to take off from the sandy beach at dawn this morning but unfavorable weather reports forced them to postpone the start of the non-stop flight for another 24 hours.

Meanwhile mechanics loaded the tanks of the "Green Flash" with 518 gallons of gasoline in case a change in the weather should result in a change of plans and an early take-off. Nineteen gallons of oil also was taken aboard.

The fliers had a successful trip from Teterboro, N. J., making the journey in a little more than three hours. They made a perfect landing on the beach last evening in the face of a cross wind.

For food the fliers will take two roast chickens, cut into small pieces. A small quantity of whisky also will be taken to stimulate them during their long vigil.

## Morehead Named Local Chairman For Conference

T. F. Morehead Selected General  
Chairman For Allegheny Board  
Meeting

## JUNE MEETING TO OCCUR HERE

T. F. Morehead of this city has been selected as general chairman of the Allegheny Regional Advisory Board conference which is scheduled to take place in New Castle on June 12 and 13, it is announced today.

Mr. Morehead was selected by the special executive committee composed of S. B. Cleal, secretary and treasurer of the Pennsylvania Engineering Works here and members of the advisory board executive committee: Fred L. Rents, president of The News company; D. S. Pyle, manager of the American Sheet and Tin Plate Shearworks; A. Crawford Hoyt, New Castle banker; and J. W. Cole, secretary of the Chamber of Commerce.

The appointment of Mr. Morehead to this important post by the committee is particularly appropriate because of his active interest among carriers and shippers.

His connections here are with the B. and O. Railroad, the First National Bank, Lehigh Portland Cement Co., and Morehead Coal company. He is generally known in the circle of the 500 business and industrial men who will attend the conference here in June.

Will Name Committees  
Committees for the two day affair here will be announced by the newly appointed chairman very soon, and final plans for the entertainment of the distinguished group of guests in the city will be made.

The conference, one of the largest of its kind, will convene here for two full day sessions which will be devoted to business of the quarter confronting the board.

It is also in these meetings that important industrial announcements are made so New Castle will be in the business spot light of the area during this time.

The conference was secured for this city at the September meeting of the board by the local Chamber of Commerce.

(International News Service)  
OLD ORCHARD, Me., May 21.—The Bellanca monoplane in which Roger Q. Williams and Lewis A. Yancey hope to fly to Rome probably will not begin the great adventure before tomorrow morning.

The fliers planned to take off from the sandy beach at dawn this morning but unfavorable weather reports forced them to postpone the start of the non-stop flight for another 24 hours.

Meanwhile mechanics loaded the tanks of the "Green Flash" with 518 gallons of gasoline in case a change in the weather should result in a change of plans and an early take-off. Nineteen gallons of oil also was taken aboard.

HEADQUARTERS OF  
THE BLUE ARMY, DAY-  
TON, Ohio, May 21.—I'm  
dead, shot down this afternoon  
by an enemy Red. But  
that's only theoretical. In  
reality, I'm very much alive,  
sufficiently, so, at least to  
wonder if I'm to be permitted  
to participate in the remainder  
of this war without meet-  
ing dire physical mishap.

And incidentally, alive to the extent to ponder on the possible age of this typewriter and the number of mints which it has endured.

No one seems to know how long it has been gracing the press room of the air base here, but enterprising war correspondents who endeavor to use it will tell you it should have been retired on an officer's pay long ago.

## Would Pray For Better Weather

Rev. T. C. Henderson, pastor of the Moravia Presbyterian church, suggests that the universal topic for the mid-week prayer services in New Castle and Lawrence county, Wednesday evening, be "Favorable Seed Time."

The situation on the farms is serious, due to excessive rainfall this spring. Rev. Henderson said, "I believe that we should make Wednesday night a concerted night of prayer for more favorable weather conditions, and am making this suggestion," he said today.

Planting has been badly handicapped on the farms, and little has as yet been possible because of the unusually heavy rainfall.

## News Will Provide Henry Home Children With Circus Tickets

Through arrangements by The New Castle News with the Hagenbeck-Wallace circus which is to show here this coming Saturday, all of the children of the Margaret Henry home of this city will get to attend the circus as guests.

Superintendent C. C. Coulthard of the local Pennsylvania-Ohio system is seeing to it that buses will be sent around to the home at 12:45 o'clock to take the entire host of kiddies down to the grounds.

The group will have competent persons in charge to keep them from the lions and elephants and joy will be unconfined in the Henry home and environs next Saturday.

Before the show starts, there will be ample time for the group to take a romp about the grounds and view things first hand and after the show they will be brought back by way of bus.

## Workmen Battle Against Landslide

Effort To Prevent Further Dam-  
age By Slide In  
Pittsburgh

(International News Service)  
PITTSBURGH, May 21.—Scores of workmen today were striving to prevent further damage from a landslide which started on a height above Edmond street, Bloomfield, and last night forced ten families to flee from their homes while it endangered a branch plant of the Gulf Refining company.

The slide, caused by recent heavy rains, became serious last night although city inspectors said it had been noticed before. But when a dwelling and a storage house had been carried five feet by the slide, police last night ordered families out of the dwelling and threw a guard around the section to prevent accident.

Workers today were busy draining the oil tanks of the refining company and removing equipment from the branch plant, which is directly in the path of the slide. It was feared that continued rain last night and early today would carry the slide further and that it might do serious damage to the refining plant.

## Graf Zeppelin Being Repaired

Big Dirigible Will Go Back  
To Germany Under  
Power Of Two  
New Motors

ECKENER WILL  
SUPERVISE JOB

(International News Service)  
FRIEDRICHSHAFEN, Germany, May 21.—Two new motors will be installed in the Graf Zeppelin for its trip from Cuers-Pierrefeu, France, to Friedrichshafen, it was learned this afternoon. The other three will be repaired here, according to present plans. The start of the Graf may be delayed until Saturday.

Zeppelin Works and Maybach Motor Works experts will be unable to solve the mystery of identical trouble to four of the five motors until a thorough examination has been made.

Dr. Hugo Eckener, commander of the Graf, will leave here tomorrow night for Cuers-Pierrefeu, where the airship is housed following its emergency landing while attempting to escape from Friedrichshafen to the United States.

Dr. Eckener will supervise the installation of the new motors.

We hope to put the Graf in trim so that it can arrive at Friedrichshafen either Friday or not later than Saturday," Dr. Eckener said.

"Then the ship will undergo a thorough examination in preparation for the resumed flight to America.

"Our future program, including the possible time of the take-off depends entirely on the results of the investigation of the motor trouble. It would be foolish to undertake another ocean flight unless we are able to guarantee absolute safety."

AUTOMOBILE MEN

WASHINGTON, May 21.—Little time is to be lost in getting President Hoover's new law enforcement commission to work.

The President decided today to assemble the members in Washington next Tuesday. The ten men and one woman who are to probe the causes of American lawlessness and endeavor to find a remedy for it will meet with Mr. Hoover around the White House luncheon table, and hear from him just what he expects they are to accomplish.

It will be up to Mr. Hoover to define the scope of the inquiry for none of the members have been given any preliminary charts. It is expected that the President will reiterate his expressed belief that the present high peak of law breaking cannot be attributed wholly to prohibition, although that phase of it holds popular interest more than any other.

Washington, May 21.—The wets and the dries are out their microscopes today and subject President Hoover's new law enforcement commission to searching scrutiny.

The private views, as well as the public careers and utterances of the 11 who make up the commission, will be examined minutely before the participants on both sides of the prohibition question get through. For while President Hoover constantly reiterates that this is not a prohibition commission, but a commission to investigate all phases of lawlessness, politically minded Washington looks at it only through prohibition spectacles.

## Pajama Parade Hilarity Hushed

Freshmen Jumps Into Canal To  
Escape Egg Bombardment  
And Drownings

(International News Service)  
NEW BRUNSWICK, N. J., May 21.—The hilarity usually associated with the annual pajama parade at Rutgers University turned to tragedy today due to the death of William J. Farmer, 19, during the height of the festivities last night.

Farmer and other members of the freshman class were being pelted with rotten eggs by the sophomores, according to the usual custom in the interclass fight. Farmer jumped into Raritan Canal to escape the shower of eggs and was drowned. He was a poor swimmer.

## Arthur Mometer

There's a straw hat hangs on the bedroom door, eager and willing, but that's all the day and a side of night, but there's nothing to a straw hat to do. It's a truck, clumped with a brown speckled band, and a brim that is high in the mode, but the weather is such that the straw hat is left on the door not to rust and corrode. What to do with a hat that is sparkling and new when the weather is not and perverse is a job I confess, as it's left on the nail to get yellow and rusty and worse. There's a straw hat hangs on the bedroom door, eager and willing but idle, and it's going to hang till the weather perks up to something above sixty-two.

## PA NEW OBSERVES

Motorists driving into New Wilmington these nights will sight the impressive tower of Old Main Memorial from a considerable distance outside the borough. The flood lights installed to illuminate the magnificent stone work certainly give it a remarkable effect.

It was Young Pa New's pleasure the other day to view the county engineer's plans for the new North street bridge. Included was an imaginary sketch of how the span will appear when completed, and say, well, the bridge will speak for itself when it's finished. Concrete is to be poured over the steel work then smoothed. The trimmings will be rough. Imposing lights will appear at each end of the span at each side and in the center. The North street bridge will be one of the most impressive bridges in this district when ready for traffic.

Pa New is of the belief that he will have to start asking for signs of spring again if this cold weather keeps on. Spring is about as far away as it was in February.

If you but notice the announcements from the various schools in the county, you cannot help but wonder when the pupils sleep. There are operettas, commencements, class plays, class nights, and a hundred and one other kinds of entertainments being planned and executed along with final examinations.

Much credit is due to the New Castle Automobile Dealers for the way in which they handled the transportation for the Business and Professional Women's convention here during the past week. The local dealers furnished the cars and arranged schedules to help the convention here be a success.

And again, the rivers are rising. Though they are not near the rim of the banks, they have swollen to be heavily over last night. It has gone so far, that one can look for the local creeks to be at a high stage most any morning.

With all regard for other conventions, the June conference here is perhaps one of the most important that has ever come to this city. There will be no less than 500 of the biggest men in industry of the district here. It will give these men a chance to see New Castle as it really is.

Four women and eight men com-  
posed the jury selected to try the case  
of John Ligo, against Mrs. E. D. Do-  
son and others, which was taken up  
before Judge Chambers in court yes-  
terday. When the jury was com-  
pleted the remainder of the jurors  
called for the present session were  
dismissed, as it is not the intention  
to try any more cases this week.

Preliminary testimony introduced  
by the plaintiffs was largely on the  
question of establishing an admitted  
standard of handwriting of the late  
Mrs. J. J. Dean, whose will is in con-  
troversy.

Register and Recorder Jeannette  
Hutton was called to exhibit a copy  
of the alleged will of Mrs. Dean. R.  
M. Campbell was called on questions  
pertaining to the records.

Miss Jane Ligo told her story in  
connection with her services for Mrs.  
Dean as nurse and companion. She  
also related the circumstances sur-  
rounding the death of Mr. Dean and  
the subsequent finding of the will in  
which she was named as the principal  
beneficiary.

Mrs. Margaret Reed, Mrs. Elizabeth  
G. Strimatter and Dr. C. A. Reed re-  
lated the circumstances of their being  
called after the death of Mrs. Dean.

Other testimony was given by Jo-  
seph B. Ligo, father of Jane Ligo; Or-  
ville D. Williams, who ran the Dean  
auto service; Miss Irene Lavidis,  
connection with the records, and J.  
C. Miner, as to the handwriting of  
Mrs. Dean.

Mr. Miner is cashier of the Home  
Trust Company, and testified as to  
his familiarity with the handwriting  
of Mrs. Dean.

Other witnesses were also called  
during the forenoon to establish a  
standard of handwriting.  
The testimony so far produced is  
largely the same as that given at the  
first trial of the case and published in  
The News.

year will soon be closed. Baccalaure-

Work is progressing on the remodel-

basement space.

Next Saturday promises to be a big

while on the subject, Pa Newc would  
like to just utter a word of caution  
to motorists who drive there. The

greater caution should be taken.

And while Westminster is in mind,

are two of the finest college buildings

## NEWS MAN IN BATTLE IN AIR HIGH OVER COLUMBUS, OHIO

(Continued From Page One)

in an army plane and flew out here  
to Dayton.

A war was in the offing, but the  
potential thrill of being permitted  
to cover a war, didn't prevent us  
from appreciating the beauty of a  
flight from Washington westward  
over the mountains of Pennsylvania.

The day was clear, the ceiling was  
low, and despite the fact that the  
air was a bit bumpy over the moun-  
tains, the flight was a real pleasure.

The trip over the mountains—it  
presented a scenic picture of beauty,  
but pilots don't like it a bit. Captain  
Richards, our pilot, told us the moun-  
tain flight is the most dangerous bit  
of flying in the east. The mountains  
of the Keystone State have brought  
down so many planes they become  
known in aviation circles as the  
graveyard of flyers.

Over Pennsylvania  
Over the mountains we flew high,  
between 4000 and 4500 feet. But  
after we had passed Dayton we  
dropped to a height of barely four  
hundred feet and enjoyed the offer-  
ings of the countryside. But while  
we enjoyed it, farmyard stock, par-  
ticularly the poultry, didn't seem to  
find so much recreation in the mat-  
ter.

We were flying a big tri-motored  
plane, and as we skimmed barns and  
farm lots, it was amusing to watch  
chickens make frightened flight to  
the security of farm buildings and  
stock in the field scurry for shelter  
from the threatening roar of the  
three big motors.

At Columbus we passed over the  
headquarters of the Red Army, and  
as we passed were entertained by the  
sight of twenty-four pursuit planes  
taking off to seek for enemy Blues.  
But we were flying a neutral plane  
from Washington and were allowed  
to wing on un-molested.

In Air Battle  
Arrived at the Blue headquarters.

Thomas J. Casey, Jr., of 704 Etna  
street, reported to the police Monday  
that he was going east on East Wash-  
ington street at East street on a  
green light as was also a car bearing  
Pennsylvania license: R60-551, when  
the latter car stopped suddenly and  
without signaling, and Casey's ma-  
chine ran into the rear of that car,  
causing some damage.

union today when would its star be  
added to the American flag?  
"But godliness with contentment is  
great gain." Where is this passage  
found in the Bible?

Persons born on this day are quiet  
and slow in thought. They are a little  
too fickle and often go to extremes.

Today's Horoscope.

STAR LORE  
WHY THE GALAXY IS FLAT  
AND COHESIVE.

By Arthur Dev. Carpenter.

Two great outstanding facts regard-  
ing the Milky Way galaxy have come  
to light in these recent days. First,  
that the galaxy has a vast concentra-  
tion of stars at its center; second,  
that the galaxy is rotating in the op-  
posite direction from that of the cir-  
cling of the sun and moon around the  
heavens. The great aggregation of  
stars at the center of the galaxy pro-  
vides the massive gravitational influ-  
ence which holds it together, while  
the rotating or whirling of the galaxy  
accounts for its structure being that  
of a flattened disk rather than that  
of a round or globular form.

## COMMISSION FOR LAW ENFORCEMENT STUDY IS MADE

(Continued From Page One)

new commission gave the scrutinizers  
but little for their pains. There are  
no outstanding anti-prohibitionists on  
the commission; and neither are there  
any dyes of the fanatical type, al-  
though several of those named have  
a record of support for prohibition  
that dates away back.

The off-hand opinion of Washing-  
ton is that President Hoover did a  
good job on a difficult assignment.  
Ten of the 11 members are lawyers  
of more than ordinary eminence, and  
all are accounted "judicially minded".

The 11th is a woman sociologist, Miss  
Ada Comstock, president of Radcliffe  
College.

The chairman, George W. Wicken-  
sham, attorney general under Taft,  
has never been classified as a wet or  
a dry. Recently in a speech he ex-  
pressed the opinion that the Jones  
law would defeat its own ends by its  
very severity, but that's about as far  
as he has gone publicly in expressing  
an opinion about prohibition.

Newton D. Baker, secretary of war  
under Wilson, similarly has never  
been classified. He supported Smith  
in the last election and was quoted  
during the campaign as saying, "I  
have never been a prohibitionist."  
But he has never taken any public  
stand against it either.

Dr. J. L. Leach, vice president of  
the Chicago crime commission, was  
appointed because of his intimate  
knowledge of racketeering and crime  
in Chicago, and the laxity there of  
criminal prosecution.

The others are Federal District  
Judges William J. Grubb of Alabama,  
Kenneth R. McIntosh of Washington,  
and Paul J. McCormick of Califor-  
nia.

Up to President  
How much latitude this commission  
is going to have in probing prohibi-  
tion remains to be seen. It depends  
almost entirely upon President Hoov-  
er. He conceived the idea, he ap-  
pointed the commission and he will  
outline the scope of its work when it  
is assembled here the last of the  
week. The commission can hardly go  
beyond his instructions.

It is expected that most of the  
work will be done in Washington,  
although it has not been decided  
whether hearings will be held outside  
like so many other things, that de-  
pends largely on the President's in-  
structions.

The wet and dry in Congress were  
cautious in their public comment to-  
day concerning the personnel. There  
are so many members of the com-  
mission whose views are not generally  
known that both sides were inclined  
to "wait and see" before rushing into  
print with statements that later  
might come back to plague them.

Rotarians Will

Grand Canyon, San Francisco, Los  
Angeles, Oakland and Riverside, Cal.,  
Salt Lake City, Colorado Springs and  
Denver, Omaha and Chicago.

PULASKI MAN IN  
AUTO ACCIDENT HERE

Paul Brown of Pulaski, reported  
yesterday that he was driving south  
on East Washington street at Butler  
avenue, when a car bearing Pennsylvan-  
ia license B20-233 going south on  
Washington street, ran into his ma-  
chine, doing some damage to it. The  
latter car did not stop and Brown  
gave chase.

BASKEYFIELD CAR  
IN AN ACCIDENT

William Baskeyfield of 1309 1/2  
Grimes street, reported to the police  
Monday that he was driving east on  
Reynolds street, at Miller street, when  
a car license number 713-121 in back-  
ing out of an alley, backed into and  
damaged the Baskeyfield car.

James C. Raney.

James C. Raney, of 7 West Cherry  
street, well known resident of the  
Seventh ward and former councilman  
of New Castle, passed away Monday  
evening at 6:30 in a Pittsburgh hos-  
pital after an illness of pneumonia.

Mr. Raney had been a citizen of the  
Seventh ward for forty-six years and  
was one of the highly esteemed men  
of the city. He served seven years as  
city councilman and was a director of  
the New Castle public library for  
some years. He had always taken a  
keen interest in all civic affairs and  
religious activities.

Mr. Raney was a faithful member  
of the First Presbyterian church and  
the McKinney Bible class of the Sun-  
day school.

He leaves his wife, Mrs. Della B.  
Raney, one sister, Mrs. E. M. Crosser  
of Lisbon, O., and two nieces.

Funeral services will be held Thurs-  
day, May 23 at 2 p. m. D. S. T. from  
his late residence in charge of Rev.  
Walter E. McClure of the First Pres-  
byterian church. The body will be  
taken to Lisbon, O. where burial will  
be made in the Lisbon Mausoleum.

Mrs. Rodgers Buried

Funeral services for Mrs. Catherine  
Anna Rodgers, widow of Charles  
Rodgers of West Washington street,  
took place this morning at 10 o'clock  
from St. Mary's church.

Solemn requiem high mass was  
celebrated by Rev. Fr. Clifford  
celebrant; Rev. Fr. McNanamy dea-  
con and Rev. Fr. McKenna, sub-  
deacon.

The services were largely attended  
by relatives and friends. Many beau-  
tiful flowers showed sympathy. The  
pallbearers were John J. Elmer  
Walsh, James B. McDevitt, Thomas  
Gunniham, Jas. Cypher and Har-  
vey Plummer. Burial was made in St.  
Mary's cemetery.

ing.

Interment was made in Greenwood  
cemetery and the pallbearers were  
Wilfred C. Cameron Jr., Earl and  
John Cameron, William Cameron, Ed-  
ward Winters and Wilfred Diamond.

Abortion Case Is  
Started In Court

(International News Service)  
PITTSBURGH, May 21.—Trial of  
Margaret Culbert of Brownsville on  
charges of abortion and having per-  
formed an illegal operation upon a  
young woman was started in the  
criminal court here today before  
Judge Davis W. Henderson of Union-  
town.

A jury to hear the case was com-  
pleted early today after attorneys had  
spent the yesterday afternoon and part  
of this morning examining the panel  
drawn in the case.

With the selection of the jury a  
short recess was taken. The first wit-  
nesses in the case were to be called  
in testify when the court reconvened  
shortly after noon.

## R. A. McKINNEY TELLS CLUB ASSOCIATES CLASS OF TRIP ABROAD ENJOY LUNCHEON

R. A. McKinney, teacher of the McKinney Bible class of the First Presbyterian Sunday school, who returned from a trip abroad, gave a most interesting detailed account of his experiences Monday evening at a dinner at the church dining room before about 150 men.

Mr. McKinney's talk was rich in humor as he told many laughable incidents which occurred. His talk dealt mainly with his experiences on the boat, the "Adriatic," on which he sailed from New York to the Holy Land. His cruise to the Holy Land was by way of Madeira, Gibraltar, Algiers, Monte Carlo, Naples and other noted places of interest.

In two weeks Mr. McKinney will give the second lecture of a series of three on his trip which will be open to men and women. The dinner was served by the ladies of Miss Christine Butters class.

Mr. McKinney was accompanied on his trip by Mr. and Mrs. Victor Patterson, formerly of this city and now of Ridgway, Pa. Mr. Patterson was associated with the Y. M. C. A. of New Castle for a number of years.

### Return From Boston

Mrs. Ira Fulkerson and Mrs. Frank Fischer of this city have returned from Boston, Pa., where they represented the King's Daughters of the First Methodist Episcopal church at the state convention of the organization held in that city.

The meeting was conducted in the Lutheran church. About 170 delegates from the state were present. Both Mrs. Fischer and Mrs. Fulkerson were re-elected to the executive board. The next annual meeting will be held at Scranton, Pa.

### S. O. B. Kensington

# Fifteen Billion Dollars Difference In Estimates On Railroad Values

Court Decision In O'Fallon Railway Case Brings New Problems

Dr. Blackwood Tells Of Central Europe

Investors And Traders Are Perplexed As Result Of Decision

Describes Post-War Social And Political Conditions Of Countries There

NEW YORK, May 21.—Investors and traders in the railroad stocks are making their best efforts today to adjust their estimates of the value of railroad stocks in relation to the Supreme court's decision in the St. Louis and O'Fallon railway case, the "battle of the century in railroad litigation," and the "greatest law suit in history."

In carrying out the mandates of the transportation act of 1920, the commerce commission ruled that the "property investment" in this little road was exactly what had been put into it before the days of 1914. On that basis it ordered the repayment of the government of half of the net earnings of the road in excess of 6 per cent on the valuation thus arbitrarily fixed.

**Battle to Finish.**

The little road, backed by the big forces of the country, said "No, that is not fair. You must give some consideration for present day values and figure on what it would cost us to replace the road at current prices for supplies and wages."

The commerce commission, in an honest effort to test the law and to secure an authoritative interpretation of the transportation act, fought the case to the limit. The Supreme court upset the contentions of the government and its accredited agents, saying in effect that the railroads have a right to be heard in claiming valuations on the 1929 standard instead of 1914.

A mere \$15,000,000 stands between the commission's valuation of the railroads of the country and their own estimates of a fair valuation, based on present replacement costs or on the current market on real estate holdings, buildings, equipment, etc. The decision in the O'Fallon case does not mean over 15 billion dollars, bag and baggage to the railroads, nor does it sanction rate-making for freight carrying based on that much higher valuation.

Since the decision came too late in the day for a justifiable reflection in the stock market, the real effect of the decision will be looked for today. Prices sky-rocketed for a brief period yesterday, showing conclusively that the amount of railroad stock owned by the market is very small, but on the other hand there was a big market for the railroad stocks offered for sale by the professionals when the time came to take their pay for their hard day's work.

## River Levees Are Weakening Under Pressure

Situation Along Mississippi River Valley Is Quite Serious Today

(International News Service) MEMPHIS, Tenn., May 21.—The most threatening high water situation along the Mississippi and its lower tributaries this season developed today with levees gradually weakening. Several hundred men are reinforcing the bulwarks.

J. S. Allen, chief engineer of the lower Mississippi levee district, and the levee board sent a telegram today to President Hoover asking permission to use 500 convicts from the Parchman, Miss., state prison farm to aloft the dike at Mound's Landing. Governor Elton Bibb has offered the use of 300 convicts if the President agrees that the offer be accepted.

A slide 165 feet long and 12 feet deep at station 3,200 has weakened that levee until Engineer Allen expected it to break unless aid is obtained at once. The levee broke in 1927 and flooded Greenville, Miss., 10 miles away.

**Counties Inundated.** Backwaters from the Mississippi and its lower tributaries are inundating Monroe and Phillips counties, Arkansas. It was estimated there are about 50,000 acres inundated in that area. All roads in the section are closed.

Another 50,000 acres are under water near Hiley, Mo., by a St. Francis river levee break. Four miles northwest of Kennett, Mo., another break is feared.

## Finds Dead Daughter After Twenty Years

Has Lost Child Restored To Him After Years Of Mourning

(International News Service) TAMPA, Fla., May 21.—Day after day for years H. W. Freeman, local policeman, passed the children's home here. Often as he saw the youngsters playing in the yard he would think with a sigh of what he had missed by his own daughter's death 20 years ago.

"She would be about the age of those nakes watching the kiddies there in the yard," he would say to himself.

Freeman last saw his little girl when he and his wife separated. Later he received word that she had died. The other day he met Frank Boyd, a brother-in-law whom he had not seen for many years. They began discussing old times and Freeman mentioned his dead daughter.

"Dead!" ejaculated Boyd. "She's very much alive. She's a grown woman and is right here in this town." Boyd took Freeman to the children's home. One of the nurses was his daughter, Clara Freeman.

## Atlantic Fliers Chafe At Weather Flights Delayed

American Fliers Await At Old Orchard Maine For Weather To Clear

FRENCH AVIATORS READY FOR HOP

Air Race Over Atlantic Will Be Interesting; Rome And Paris Destinations

(International News Service) Ambitious aviators who are prepared for a series of daring air exploits were chafing at the halter today as bad weather throughout the eastern section of the country threatened to keep them earthbound.

At Roosevelt field, N. Y., and Old Orchard, Me., two crews of trans-Atlantic fliers were waiting for an abatement in a steady drizzle of rain. Unless there is a decided improvement in atmospheric conditions later in the day neither plane will take off.

The crew at Roosevelt field consists of Armando Lotti, Jr., Jean Assolant and Rene Lefevre, who hope to fly to Paris.

From Old Orchard, Roger Q. Williams and Lewis A. Yancey, Americans plan to hop to Rome, Italy.

The plane in which Lieut. Henry B. Clarke expects to set a new re-fueling endurance record with the aid of a catapult device remained in its hanger at Roosevelt field today. Lieut. Clarke and Martin Jensen, holder of the unofficial solo endurance record, who will act as co-pilot, announced that the plane would not take off unless flying conditions improved.

At Old Orchard, Williams, pilot of the Bellanca monoplane Green Flash, and his navigator, Lt. Yancey, today made last minute preparations at Old Orchard beach for their flight to Rome. Williams said he had hoped for good weather today for an early start, but predicted that the necessary delay would not be for more than 24 hours.

"The minute Dr. James Kimball, meteorologist at New York, flashes us the 'all clear,' we'll be off," declared Williams.

As interest in the projected flight increases, word came today of the possibility of a trans-oceanic race to begin from this famous hopping-off place.

Reports received here were to the effect that Armando Lotti, Jr., is coming here from Roosevelt field, N. Y., with his French plane and pilot, Jean Assolant, to start their flight to Paris simultaneously with Williams and the Green Flash crew.

Another possibility in connection with the flight to Rome was that a group of newspapers would be taken aboard the Green Flash at the last moment.

## Complaints Made Concerning Water

White Says Six Foot Sewer In Sheridan Would Cost \$60,000

WOULD OPEN DITCH TO DRAIN SECTION

C. H. Young, state health department, has written to city officials stating that complaints have been received concerning the sewer situation in the Euclid-Sheridan-Albert street section. He has also received complaints from the Croton and Kensington avenue sections. Recently council awarded a contract for a Sheridan-Euclid sewer which may help to solve the situation in that district.

It is reported that a sewer cleaning machine will soon arrive and sewers will be cleaned.

Relative to sewers, City Solicitor White reported to council that T. C. Francis, state district engineer, has been designated with City Engineer Miller and he had investigated the Wilmington avenue sewer situation.

The state is building a 30-inch sewer to carry the water across Euclid avenue into the township. He reports that this will probably cause additional water in the natural water flow.

White said this shows the city is not responsible and that property owners in the section who had built 18 and 20-inch sewers were negligent. He said that if a 30-inch sewer is necessary at Euclid avenue a four-foot sewer is necessary between Winter and Leasure avenues and said the Sheridan avenue proposed sewer should be six feet in diameter to catch the water. Such a sewer would cost at least \$60,000, he estimated.

He said he believes the property owners should enter into an agreement with the city whereby a ditch can be opened to carry the water on the Smith property, Leasure avenue, south through the property of Sedgwick, Barth, Lanz, Kretzel and Crawford.

He said this would carry the water to Winter avenue where it can be conducted to Wilmington avenue and into the city sewer at Edison which would eliminate flood danger south of Leasure avenue.

## State Welfare Head Will Speak

Miss Elsie Lawrence Of Philadelphia To Address Round Table Thursday

Miss Elsie Lawrence, special assistant of the Child Welfare Division of the Public Charities association of Pennsylvania, will be the speaker at the meeting of the Community Chest Round Table in the Associated Charities rooms Thursday afternoon at 1 o'clock.

Miss Lawrence has been touring the state, speaking in various cities, relative to the work of her department. She has an interesting message on conditions found by the Child Welfare Division and the work it is carrying on.

One of the principal missions of her tour is to organize Round Tables, such as has been functioning in New Castle for some time, so she will find the work in this city well advanced along these lines.

Special effort is being made to secure a large attendance of all those interested in welfare work in the city.

## Seven Diners Are Stricken At Dinner, Physicians Puzzled

Rapp's Mill Bridge Nears Completion; Is Located On Ellwood-Wurtemburg Road

The new Rapp's Mill bridge which spans the Commonwealth river will be opened to traffic on Thursday, May 30, County Engineer Thomas A. Gilkey announced today.

The old span has been removed and the sidewalks of the new bridge have been completed. Final completion is but a matter of a few days.

The Rapp's Mill bridge is located on the Ellwood City-Wurtemburg improved highway.

DAVENPORT, Pa., May 21.—Local physicians are puzzled over the mysterious illness which affected seven persons at a dinner party at the home of Mr. and Mrs. George W. Cook, 340 Fourth street.

A colored maid at the home was stricken and fell fainting. A few minutes later Mrs. Cook became ill. Others who were stricken are Mrs. E. P. Hill, 453 Lincoln avenue; Mrs. Frank N. Cook and her daughter, Mrs. Mrs. Donald Cook, of Rochester; Mrs. Veskamp of Pittsburgh and Mr. Cook.

One physician said the sickness was due to gas escaping from a furnace and the other diagnosed the illness as ptomaine poisoning. All are now out of danger.

## Eckener Denies Sabotage Cause Of Graf's Fate

Almost Impossible For Anyone To Have Bothered Graf Zeppelin Motors In Hangar

International News Service. FRIEDRICHSHAFEN, Germany, May 21.—Dr. Hugo Eckener, commander of the Graf Zeppelin, repudiated the theory that sabotage or malicious meddling was responsible for the damage to the airship's motors in the following statement to International News Service Monday.

"Sabotage was impossible because no outsiders got close to the motors. Whether the recent change in the motors or other causes were responsible for the breakdown can be revealed only after a thorough examination."

"Dr. Eckener told International News Service that the Zeppelin will not start again upon a trans-Atlantic flight to the United States until the Zeppelin Works officials are satisfied that the motors are in perfect working condition."

"We have shipped three motors to Toulon and expect that the Graf will be able to leave on Friday, arriving here on Saturday morning," said Dr. Eckener.

"The further program depends entirely upon the results of the investigation into the motor trouble and speed remedies. We could not conscientiously undertake a new ocean flight unless we were able to guarantee that the motors were in perfect order. But, though the time is uncertain, the program remains unchanged. We intend to make a complete round trip to America as soon as possible."

## Buell And Hess Named On Board

Northwest Elks Association To Aid In Financing Bright Students

The State of Pennsylvania has granted the application of the Northwest Elks Association for a corporation charter for the students' aid fund which the organization plans to inaugurate. It was learned here today.

Eighteen Elks lodges hold memberships in the Northwest association. The project has been months in the planning and a careful and thorough procedure has characterized the organization's efforts to establish the fund for which the charter has just been granted.

It is planned to finance on a local basis those students who are exceptionally bright for their entire time in college. No distinction will be drawn between color, race or creed, and neither will there be any such rule or provision which will prevent the student from attending the institution he wishes to.

The fund will be governed by law and will have officers and a board of directors. It is being financed by the different lodges in the district by a plan to be made known later.

It is said that this is the first project of the kind to be sponsored by Elks lodges anywhere. Temporary headquarters will likely be established at Franklin until such time as the fund requires headquarters of its own.

The boys and girls who apply for aid as provided in the fund do not have to be children of Elks. Outside children who need college aid will be assisted just as readily as will be the children of Elks.

Anyone who cares to make a bequest to the fund from time to time may do so in order to help the cause for which it is being established.

Exalted Ruler Clark H. Buell of this city and C. W. Herman Hess, of this city also, past deputy grand exalted ruler, are both members of the new corporate board.

Baking powder mixtures should be put into a hot oven because the gas is released until the dough or batter is heated. If the oven is cool the mixture will dry out over the top before rising.

## PETER'S ADVENTURES IN ANIMAL LAND

LOON LEARNS WHOM TO TRUST  
Follow his lead instead of his body! The boy repeated Loon's mysterious words. Then he thought of something and started at the bird in surprise.

"You have told me your most important secret—the secret that you yourself have said has often saved the life of a Loon from a Two-Legs, and I am a Two-Legs! I do not believe anyone in all the world has ever trusted me so much and I shall never forget it. I would cut out my tongue sooner than tell it where or when it could do you harm."

"Don't you suppose I am sure of that?" laughed Loon. "Didn't I tell you once before that I was not crazy? You can't help being a Two-Leg nor I a Loon, but just because the two have never been friends is no reason why they never can be."

"At this point Gander took his turn at talking and he spoke for his whole family.

"Nor will we Wild Geese tell the secret you told the boy, Loon," declared he earnestly. "Though I suppose you know we could neither tell the news to the four winds if we were not your true friends. Since you have trusted us so far, Loon, would it be asking too much for you to solve a problem that has been puzzling me for a long, long while?"

"I guess not, but hurry up and let me know what it is, for I hear a flutter of many wings and know that the Loons are coming down in a jiffy. Then no more talking for the night!"

Loon was still good natured but plainly growing impatient.

"I just want to know why it is that there are so many accidents in the Loon family. It seems to me that every time I run across any of your relatives they tell me of something dreadful that has happened to one of your relatives. I have always wondered why it is that so many of you get into trouble and now that I have heard your secret I wonder more than ever."

Loon sighed.  
"It is a sad but true failing of our family to lose our wits when we have swum for some time under water," said he. "You see if we would only use our Loon sense and not dive so deep we would be better off, but we get into a panic when we are in danger and our first thought is to get out of sight as fast and as quickly as we can, and sometimes we dive so deep and stay so long in the depths that when we want to come up for a whiff of air we've no breath left to help us rise to the top!"

BUTLER, Pa., May 21.—William Francis Bruner, 56, of Pennellton, died at his home yesterday following an illness of heart trouble. He was a member of St. John's Catholic church of Clearfield township. He is survived by his widow, Mrs. Gertrude Bruner, a son, Charles B. Bruner, of Pennellton; six daughters, Mrs. David Stewart of Butler, Mrs. George Jubeck of Ellwood City, Mrs. Florence Friedman and Mrs. Frances Conner of Pennellton, Mrs. Howard Curry of Butler and Misses Grace and Dorothy Bruner of the home.

chapel on Sunday afternoon until all health forced him to abandon the work. Dr. Hamm is a student of the Theological Seminary at Gettysburg in 1888, and was pastor of the Bethany Lutheran Church of Pittsburgh from 1888 to 1891. He was principal of the North Braddock township high school from 1891 to 1895. He received a Ph.D. in Political and Social Sciences from Westminster college in 1895. In 1924, as a student of the New York university, he traveled in Germany to study the school systems of that country.

Dr. Hamm, son of Mr. and Mrs. Jared Hamm, was born October 4, 1858, near New Wilmington, Pennsylvania, in Lawrence County. During his preparatory work at Westminster college, which he completed in 1881, Dr. Hamm worked in his father's carpenter shop. He earned his A. B. degree from Westminster in 1885, having taught in the rural schools of Lawrence county while attending college. He graduated from the Theological Seminary at Gettysburg in 1888, and was pastor of the Bethany Lutheran Church of Pittsburgh from 1888 to 1891. He was principal of the North Braddock township high school from 1891 to 1895. He received a Ph.D. in Political and Social Sciences from Westminster college in 1895. In 1924, as a student of the New York university, he traveled in Germany to study the school systems of that country.

Dr. Hamm's plans for the future are indefinite, but he plans to remain in Slippery Rock, spending his winters in a warmer climate. Much of his time will be spent in pursuit of his hobbies, bird study and gardening.

POSES AS MAN 47 YEARS  
France's "old" woman has been found at Ampleforth, Alsace, where for 47 years Mme. Wacker has worn men's clothes and has earned her living as a farm laborer. She is 56 years old, and drinks, smokes and chews tobacco. Her three children are all dead.

## No guessing at cooking time

or oven temperature... in the "Flavor Zone" Oven

THE Westinghouse Electric Range browns to perfection, then cooks to delicious tenderness—without the slightest attention. For "Flavor Zone" cooking is entirely automatic from start to finish.

You merely place the entire meal in the cold oven, set the clock and adjust the thermostat. You are free until meal time, when you can delight your family with food as appetizing as the crackling-brown roasts, the rich baked beans or spicy puddings that were cooked

in the famous Dutch Ovens of old-time Colonial days.

While you're away, the "Flavor Zone" oven does everything that you would do. It automatically turns on at the right time. Then, automatically, shuts itself off at the right temperature. There is no guesswork about either the cooking or the cooking results.

## County Boy Scouts Have Banner Spring

Eleven New Troops Added  
To County Boy Scout  
Organization

### HARLANSBURG

The 10th anniversary of Lawrence County has had a banner spring this year, according to J. Lee Calahan, chief scout executive. Already have some 700 scouts and boys one of the largest organizations in this district, the local organization has organized 11 new troops.

There were two troops organized in the St. Mary's church of this city which have a membership of 60 boys. A troop at Ellwood has a total of 30 boys; a new troop has just been organized at Mt. Jackson and this group consists of 20 boys; at Edenburg another troop has been organized and contains 16 boys. At Palaski a sixth troop was organized and this group contains 18 boys.

In addition to these six troops already functioning, there are two additional troops at Ellwood, two at Koppel and one in South New Castle, two which are in the process of organization at the present time.

With the addition of these new troops there will be in the neighborhood of 1,000 Boy Scouts in the county who are active. This will mean that the local council will be one of the largest in the entire state, according to national scout reports and figures.

National headquarters lists the local council in this county as being one of the strongest and advanced working group of scouts in the entire United States.

## Beautiful New Chapel Used At Westminster

The beautiful new chapel wing of Old Main Memorial building at Westminster College was used for the first time yesterday for the regular chapel service.

Starting with an organ prelude by Miss C. Dorothy Kirkbride, professor of piano and organ, the service was one of inspiration and joy to the student body and faculty. Members of the senior class wearing caps and gowns, filed into their seats in the east and west transept balcony, led by David Wallace, Mercer, and Edwin Anderson, Marx, junior marshals.

Seated on the rostrum platform were President W. Charles Wallace, Dean Charles Freeman and Dr. R. J. Love, head of the Bible department. Following the invocation by President Wallace, the reading of the 90th Psalm and an organ number by Miss Kirkbride, Dr. Wallace led in prayer. Words of thanks for contractors, architects and workmen who made possible the occupancy of the new structure one week ahead of schedule, were given by Dr. Wallace. A telegram from Dr. H. H. Donaldson, president of the college board of trustees, was read. Dr. Donaldson voiced congratulations to Dr. Wallace, the faculty and the student body. Announcements of general college interest followed, and the service was concluded with the singing of the Westminster hymn.

## Oil City Girls Will Be Guests

This evening at the Y. W. C. A. the Girls' Reserves of the International Institute for Foreign Women will entertain the Loyal Blue Triangle Club of Oil City.

The invitation was sent to the Oil City girls by Miss W. J. N. Sroczynska of the International Institute home.

Miss Sroczynska was a recent visitor in Oil City and was treated very cordially.

Through the efforts of the institute home Mrs. Joseph Palladino of Italy was able to come to this country. Mrs. Palladino is the first of a group of Italian women who have been invited to this country and through this the institute workers were able to help Mrs. Palladino come to this country. She arrived yesterday.

## Hygiene Service Of Red Cross Results In Healthier Homes

Report Of Service Offered By  
Organization Shows That  
Considerable Work  
Is Done

Behind recent figures showing material gains in the home hygiene service of the American Red Cross, is a story of better and healthier homes. This service, which teaches home care of the sick to the laity, has conducted 2,487 classes over the country in the present school year, with the two concluding months to be heard from. This means a gain of 278 classes over the equivalent period of the preceding year. At last reports, the total enrollment of pupils reached 51,240, or an increase of 5,723 pupils since last year. Home hygiene is taught by the Red Cross nurse-instructors of local Red Cross chapters, and is well established in many schools. It trains its pupils how to make a sick room comfortable, cheerful and convenient, how to bathe, dress and make the beds of the sick, and how to care for babies and teaches the value of cleanliness, sunlight and fresh air to general health. A by-product of this work is teaching the pupils people to understand the importance of sanitary living in the prevention of sickness. It leads them to rearrange their homes to admit more light and air and frequently results in the addition of new windows and porches to gloomy houses.

## Believe Brooder Lamp Caused Fire In Thompson Home

Investigations following the fire tend to prove that it was a chick brooder lamp which caused the fire that destroyed the home of S. W. Thompson on the old Chambers farm near the seventh ward. Some 10 chicks in the brooder were also caught in the flames. Quite a tale of heroism is related concerning the father and elder brothers in the escape from the burning building. They made a human chain from the second story window to the ground and clinging by one hand they handed down the smaller members of the family to safety.

## Assails American County Jail System

(International News Service.) PITTSBURGH, May 21.—Vice, disease and corruption flourish in the American county jail, supported by a system that Europe discarded three-quarters of a century ago, declared Dr. Amos Butler, of Indiana, speaking before the Pennsylvania committee on penal affairs here last night. "The county jail," Dr. Butler said, "is a free school the taxpayer never thinks about—a school of crime for the unfortunate committed there." Other speakers included Judge Paul N. Schaeffer of Berks county, who discussed "County Jails—From City to Country"; and Albert G. Fraser, superintendent of the Department of Released Prisoners of the Pennsylvania Prison Society.

Dr. Louis N. Robinson of Swarthmore was re-elected chairman of the committee. Not being a duchess or anything we can only say obscurely, that we can tell our favorite brand of hot corn dodger blindfolded—Louisville Times.

## How To Lose Two Dozen Pounds of Fat

At The Same Time Gain In Physical  
Vigor And Youthfulness And Swiftly  
Possess A Clear Skin And Vivacious  
Eyes That Sparkle With Glorious  
Health.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman has but waits before her. Every morning take one-half tea-spoonful of Kruschen Salts in a glass of hot water before breakfast. Be sure and do this every morning for it's the little daily dose that does the fat-burning job. The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system. At the same time the stomach, liver, kidneys and bowels are tuned up and the pure, fresh blood containing Nature's life giving salts are carried to every organ, gland, nerve and fibre of the body and this is followed by that Kruschen feeling of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure. If you want to lose fat with speed get on the battle of Kruschen Salts from Eckert's of New Castle, Inc., or from any fine druggist anywhere in America with the distinct understanding that you must be satisfied with results or money back.

## Lincoln-Garfield School Will Have Graduation Event

## Garden Party To Be Held On June 27

Annual Event Of Children's Aid  
Society For Orphan's  
Home Arranged

MERCER, Pa., May 21.—At the meeting of the Children's Aid Society, held Friday evening, Thursday, June 27, was set as the date for the annual garden party. Thursday was selected instead of Friday, this year, hoping to fool the weather man. For the last

few years it has rained and spoiled the party. The county commissioners have given the use of the courthouse lawn to hold the party. There are plans to add some new features this year, which will be announced later.

Mrs. T. C. White is chairman of the party and Mrs. J. W. Ayers is co-chairman.

AWARD CONTRACT Council at a special meeting Friday evening awarded the contract for the paving of McKinley avenue to Paul Thompson. The street is to be 18 feet wide with raised curbs and the work to be completed in 30 days. Due to the fact that there is no other way of reaching the Mercer Cottage hospital, one-half of the street is to be constructed at a time.

HOSTESS AT PARTY Miss Eleanor Adams was hostess at a delightful bridge-luncheon Friday at the home of Mrs. W. E. Weller. Covers were laid for 28. The tables and room were artistically decorated with spring flowers.

PLAN CATTLE SHOW At a meeting held Thursday night by the Jersey Cattle Club, R. W. F. No. 1 was present and presented the proposition of holding a county progress show of Jersey cattle breeders of this county. This was accepted by the members, and July 25 was set as the date. Selection of the place was not decided upon and so left in the hands of a committee.

The purpose of this show is educational and is confined to only the Jersey breeders of this county.

# May Rainfall May Establish Record

With only one-tenth of an inch of Rainfall needed to exceed April's record, present indications point to one of the wettest months of May on record in the Lancaster county district.

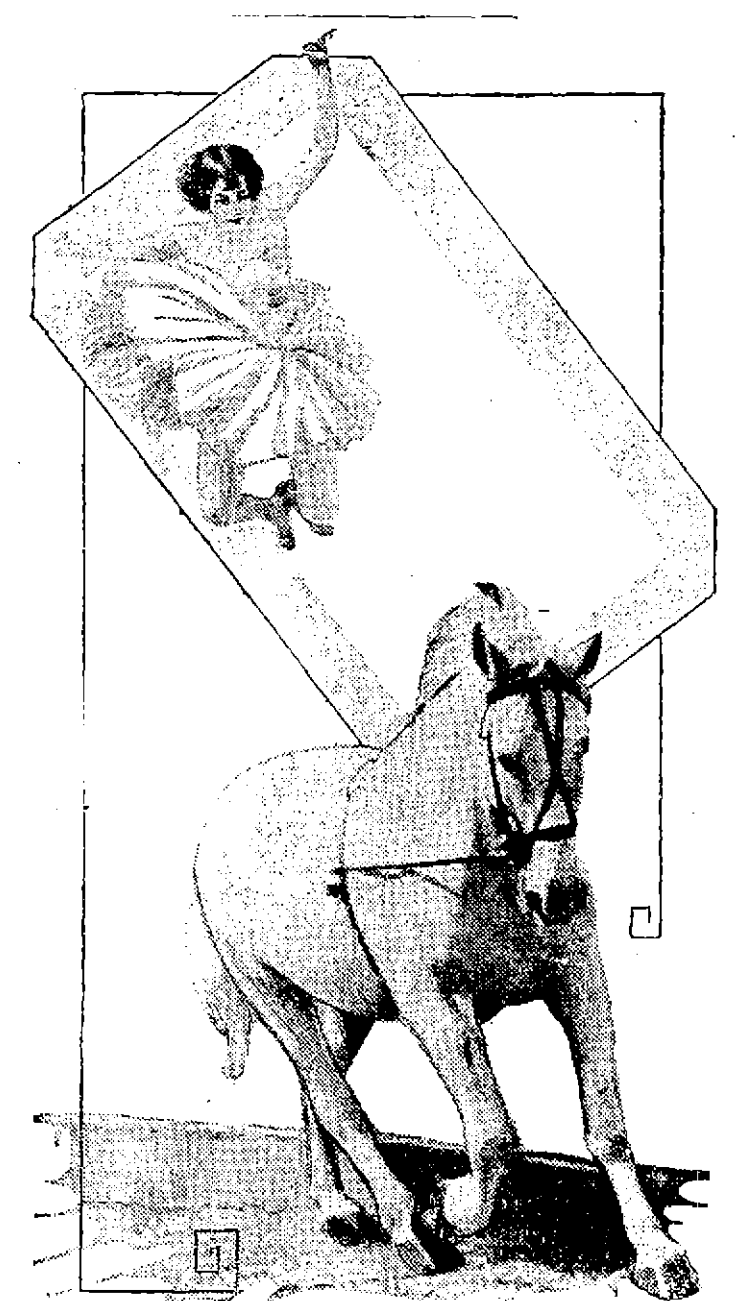

Weather Forecaster B. E. Johnson stated that 7.02 inches of rainfall had fallen already during the month of May when the reading was taken at 9 o'clock this morning, and it was still raining.

During the month of April, 7.18 inches of rain fell, an excess of .16 inches over the normal amount for that month. The normal average rainfall for the month of May is 2.3 inches. This figure has been exceeded by 3.78 inches, and there are ten more days in May yet to go.

It is very unusual to have two such abnormally rainy months in succession, and the situation has greatly inconvenienced the farmers of the county, who have been unable to get their plowing done and their crops in. The only plowing that has been done so far this season has been on the hilly slopes, the lowlands all over the county being veritable swamps. It would take a full week or more of fair weather to dry out the low ground enough to plow it.

The farming situation is a most discouraging one at the present time, successive frosts having damaged the fruit crop to a great extent. This coupled with the rainy weather, make the outlook for bountiful crops this year, anything but promising.

## Master Plumbers Are In Convention

Sessions Are Under Way In Pittsburgh; Mayor Gives Welcome

Members of the Greek American Progressive association from Ambbridge, Farrell and New Kensington attended the benefit play and dance which was given in the local G. A. P. A. Aescop lodge in the Rumania hall on Saturday evening.

"Servant Wanted," a comedy, was presented by several members of the lodge. Frank Mantinos played the part of servant, G. Mikras the rich widow, G. Diacourakis, house maid, and G. Cotakis the attorney.

Following this talk was given by Ninos Papoutsakis, lodge secretary, William Hamotis, Harry Pabos and Frank Mantinos past president of the lodge.

From then on until midnight dancing was enjoyed by those present. The affair was a benefit for the Greek Community school of this city.

(International News Service) PITTSBURGH, May 21.—The thirty fifth annual convention of the Pennsylvania State Association of Master Plumbers opened here today, with delegates from all sections of the state in attendance.

Appointment of committees and reading of reports was to be the chief business of the first day's sessions.

An address of welcome by Mayor Charles H. Kline of Pittsburgh, and responses by James H. Lutz of Harrisburg, past state president; Howard G. Yocum, state president; and James A. McKissock, Pittsburgh president, was to complete the day's program.

The convention will close tomorrow.

## HEALTH PROGRAM IS CARRIED OUT

All Schools Of Mercer County Co-operating In Annual May Health Exercises

MERCER, Pa., May 21.—The public health program proposed for all the schools of the state this month is going over in Mercer county with exceptional success it is made known here today by Dr. S. J. Dickey, county medical director.

Programs are being held in all the schools.

In the town schools the work is being sponsored by the county women's organizations. The work in the rural schools is being looked after as far as possible by Doctor Dickey.

He is responsible for the work in the two counties of Mercer and Venango. The purpose of the program is to inculcate principles of clean living and hygiene.

In many instances prizes have been offered for the best effort of the children. Baby clinics have been held in the various towns where it is customary to hold them.

At Grove City the 50 babies born at Grove City hospital during the past year were brought in for a clinic held.

# Railroads Win In Valuation Case By Supreme Court Rule

So-Called "Fifteen Billion Dollar Valuation Case" Won By Railroads

St. Louis And O'Fallon Railroad Benefits By Decision Handed Down Monday

(International News Service) WASHINGTON, May 21.—The railroad won a sweeping victory in the so-called "fifteen billion dollar railroad valuation case" Monday when the Supreme Court overruled the Interstate Commerce commission's method of valuing the St. Louis and O'Fallon railroad.

Although the O'Fallon is a small railroad every system in the country is affected. Experts have estimated that there is a difference of fifteen billion dollars or more between the railroad and commission theories of valuation, involving a potential difference in freight rates of \$2,000,000-900 a year.

The court divided five to three. Justices Holmes, Brandeis and Stone dissenting. Justice Butler did not participate in the case.

Justice McReynolds, who read the majority opinion, said the court had one major question to decide: Did the commission take into consideration reproduction cost of the O'Fallon railroad in fixing its value?

Order Vacated

The commission did not do this

and therefore its order must be vacated, he said.

Justice McReynolds issued a word caution in his opinion, however. He said the commission might properly value some railroads below the cost of reproduction.

Congress, he said, had directed the commission to consider reproduction cost in arriving at valuations for rate-making purposes and the commission had failed to do this.

The case reached the courts after the Interstate Commerce commission valued the O'Fallon at \$378,000 and ordered recapture to the government of half its earnings over six per cent, as provided in the transportation act of 1920. The railroad claimed a valuation of at least \$1,350,000.

The O'Fallon sought the valuation in a lower federal court but lost. It objected on three grounds: That it should have been valued jointly with the Manufacturers railroad, claiming that they are operated jointly; that the recapture clause of the Esch-Cummings act is unconstitutional; and that the commission attempted to value the railroad on its original cost, other than chiefly upon cost of reproduction.

Case Attracts Attention

The special three judge federal court which found for the government in St. Louis ruled that it was unnecessary to pass upon the question of valuation, since it was making more than six per cent even upon its own valuation, and therefore was subject to the recapture provisions of the transportation act.

Not only has the case attracted wide interest in financial centers, but

the United States Senate took a hand. Donald Richberg, representing the national conference for valuation of railroads, was permitted to argue the case before the court on request of the Senate. He presented the progressive viewpoint, fighting for lower valuations.

The case was the first arising under the transportation act. The commission was required to value all railroads, make rates on the valuations, permit railroads to earn up to six per cent, and required surrender of one half of the profits over six per cent to the government, to be used for weaker railroads. This provision was intended to keep the general rate structure on an even keel.

Strained Silence

The entire court room sat in strained silence as Justice McReynolds read the opinion in the cases, often called "the greatest lawsuit in history."

At the conclusion of the reading there was a rush for the door by representatives of New York ticket services, anxious to flash the news to the stock market. Chief Justice Taft rapped for order, told the marshal to stop the rush and to close the doors if necessary.

One point was decided in favor of the commission, the court holding that it was correct in refusing to combine the O'Fallon and Manufacturers railroads for valuation purposes.

While Justice McReynolds did not discuss the constitutional features of the recapture clause, which had been questioned, the decision was on the merits of the case.

## Raspberries Are In Danger Of Disease

County Agent McCulloch Recommends Remedy For Anthracnose

Lawrence county raspberry raisers should be on the lookout for anthracnose this year, states County Agent Harold McCulloch. Last year this berry disease was the most severe in years and indications are that there will be an identical severity this year.

When the disease is severe the old canes must be cut out and removed before harvest. Weeds should be kept down and handles of young plants should be cut and burnt before planting.

The county agent recommends the following treatment for severe cases of this infection:

The delayed dormant spray of lime-sulphur testing 1.05 specific gravity or approximately 10 gallons of lime-sulphur in 100 gallons of spray is applied when the leaves or blossom buds are about one-eighth of an inch long. The first summer spray is applied when the new canes are 3 to 4 inches long, the second summer spray just before blossoming and the third summer spray after the old canes are removed. In all of these three sprays lime-sulphur testing 1.055 specific gravity or approximately two gallons of lime-sulphur in 100 gallons of material should be used. One pound of casein or three pounds of wheat flour should be used as a sticker in all four sprays.

## Myrna Loy Tells How To Have Lovely Skin

HOLLYWOOD, Calif.—Thirty-nine movie directors say that a girl must have exquisite skin if she is to touch the heart. As Howard Bretherton, director for Warner Brothers, forcefully expresses it: "The most appealing charm of all is a lovely smooth skin. And the perfection we call 'studio skin' is the outstanding factor in screen success today."

Myrna Loy, Warner Brothers' beautiful star, finds Lux Toilet Soap splendid for the smooth skin a screen star must have. "This white, daintily fragrant soap leaves my skin so beautifully smooth!" she says.

Nine out of every ten screen stars are enthusiastic about Lux Toilet Soap. And all the great film studios, following their stars' example, have made it the official soap for dressing rooms.

# Dr. H. E. Tralle To Be Speaker Of S. S. Convention

Famous New York Divine  
Will Make Two Ad-  
dresses At Annual  
County Con-  
vention

## WILL LECTURE ON "WHAT IS A BOY?"

"What is a Boy?" is the subject of the evening address at the 91st annual convention of the Lawrence County Sabbath School association which will be held at the New Wilmington U. P. church, morning, afternoon and evening Thursday, June 6, and this address will be delivered by Dr. Harry E. Tralle of New York City.

When Dr. Tralle answers this question in his own inimitable way to his most popular lecture, which he has delivered more than a thousand times to laughter-filled audiences, he hands out a lot of wholesome but mixed with suggestive fact and inspiring fun.

The subject for Dr. Tralle's afternoon lecture is "Let's Do Something About It" and this is an especially practical and helpful address for Sabbath school leaders.

The entire program of the convention is filled with practical and inspiring addresses and conferences as well as inspirational music and convention singing. The morning session starts at 9 o'clock eastern standard time and delegates from all over the county comprising the eight districts of the county association, will come for the morning session and stay throughout the three sessions.

During the afternoon session two shields will be awarded to the best women's adult class attendance. The first shield goes to the women's adult class outside of Wilmington district, having the best percentage of attend-

ance based on enrollment. The second shield goes to the women's adult class in Wilmington district having the best percentage of attendance based on enrollment. The second shield will be competed for by the Sabbath schools in Wilmington district which are Reshannock Presbyterian, Velan, Presbyterian, Rich Hill Presbyterian, New Wilmington U. P. Church, U. P. East Brook, U. P. East Brook M. E. Volant, M. E. and New Wilmington M. E. The first shield, of course, will be competed for by all of the Sabbath schools named in Lawrence county outside of the ones listed above in Wilmington district.

I reckon nobody ever invested time better profit than by spending a second or so, waiting for the heavy things that run on rails to pass a crossing ahead of him.

"Oh wad some power the gittie gie us To see ourselves as others see us! It wad true monie a blunder free us And foolish notion!"

Would that some men who turn down life insurance when they have a chance to get it, could see—not themselves—but their families a few years hence!

## Delegates For State Meeting Of V. F. W. Named

Annual Convention Will Be  
Held In Erie During  
Latter Part Of  
June

### COMPLETE PLANS FOR MEMORIAL DAY

Delegates to the annual state convention of the Veterans of Foreign Wars, which will be held in Erie, June 20, 21, and 22, were named by the Harry L. McBride Post, Veterans of Foreign Wars, as a busy session in the post rooms last evening.

The six delegates named to attend the meeting were Clarence A. Leslie, George Ruckel, James A. Bell, T. B. Shumaker, Hor V. Davis, and Charles E. Allen. Alternates named were: Lawrence Kenna, Ralph Montgometry and Dolph Jones.

Plans for the post's participation in the annual Memorial Day exercises were also completed at the meeting last evening. Members of the post being assigned to visit the various schools of the city for the Memorial Day programs on Friday. Committees were also appointed to assist in the decoration of veterans graves in the Oak Park and Gracefield cemeteries, which have been assigned to the V. F. W. for that purpose. This work will be done on Sunday and Tuesday, next. The Post voted to purchase paint and paint the caisson

which is the only war relic displayed in the city, and which sits on the grounds at the Legion Home building. Plans for the annual Memorial Day Poppy sale, were completed by the committee in charge of John Stoner. High school girls will be on the streets for the sale of these poppies early Saturday morning, and will continue the sale throughout the day.

## WORDS CAN NOT DESCRIBE HOW IT HELPED HIM

New Castle Salesman Claims Health  
Troubles Left When He  
Used Ten Herbs.

Do not experiment with medicines of which little is known. Drugs more or less injurious may be concealed under a fictitious name. If you suffer from stomach, liver, kidney or bowel trouble, rheumatism, neuritis, nervousness, or have a weak, run-down feeling, use Ten Herbs—Nature's medicine—the preparation that so many of your fellow-citizens are using and recommending. Learn what blessed relief Ten Herbs is giving thousands of local sufferers by calling on the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily demonstrating this famous new medicine with the ten wonderful herbal ingredients.

"The way Ten Herbs benefited my whole system is beyond words to tell," was the recent statement of Mr. Albert Thomas, 320 Shaw Ave., New Castle, to the Ten Herbs Man. "For a long time my health had been poor," continued Mr. Thomas, who is a salesman. "I was really annoyed. My appetite was not good, and food did not seem to benefit me much. I had terrible dizzy spells—everything would turn black, and I would have to remain quiet for awhile to recover my balance. Spots were always in front of my eyes. I had severe bilious spells, and my head would ache. My nerves were in bad condition and I was really annoyed. My skin had a yellowish tinge. I did not sleep well, as I was constantly getting up. There were severe pains across my back. I always felt tired—had no pep to do things."

"I read about Ten Herbs in the paper, and noted that many cases in which it had been helpful seemed similar to mine. I started using your medicine, and now my health troubles have been relieved. I enjoy my meals. Dizziness and that tired feeling have been ended, and I have more pep for my work. I am not troubled with severe headaches like I was, and my nerves are in much better condition. The pains in my back have ceased, and I can get a good night's rest. My skin has become clear and healthy looking. Ten Herbs has helped me so much that it is a pleasure for me to recommend your medicine to others."

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine.

## The Future of New Castle Depends Upon You

**D**O you who live in the New Castle of today, ever think of the city which may be here tomorrow? Everything is possible, nothing impossible. Where pastures and green fields now hold sway may stand tomorrow, a huge modern day mammoth of stone and steel that only a progressive municipal spirit can attract.

The Way to Civic Growth lies with you. It's your money that helps to pay for public improvements, some part of every dollar that you spend here in New Castle is doing its mite to make this city more attractive—more healthy—more livable—more progressive.

Look every where around you. Where can you find better stores, finer merchandise or lower prices? Other cities may have as good, but none can boast of better.

New Castle has developed to its present size and importance because the citizens of the past believed in it and showed their faith by developing it. The future is in your hands. Spend your money here at home—boost your home town industries, merchants and improvements and you'll be doing your fair share to help New Castle grow for the future.

## Plan For Change In Enforcement Of Prohibition Laws

Would Switch Enforcement  
Duties To Department  
Of Justice

ATTORNEY GENERAL  
PREPARING BILL

(International News Service)  
WASHINGTON, May 21—A complete reorganization of the prohibition system, including the elimination of district administrators, was understood today to be under consideration by Attorney General Mitchell, who is preparing a bill to transfer the dry bureau to the department of justice.

In the place of the administrators, the United States marshals or district attorneys would function to investigate cases, make arrests, and present them to the courts.

This would end the enforcement system set up several years ago by General Lincoln C. Andrews, who gained fame by reorganizing the military police service in France during the war.

The treasury, which has carried on enforcement since the Volstead Act went into effect, has not been consulted by Mitchell, nor by Mrs. Mable Walker Wilberbrandt, assistant attorney general in charge of prohibition, as to the plans for reorganization. Prohibition officials are in the dark as to what method the justice department will take to meet the

what is one of the government's difficult problems. They also speculated as to their status should congress authorize the transfer.

Will Kill 1000  
Dogs In Fayette

UNIONTOWN, Pa., May 21—Wholesale slaughter of dogs in Fayette county has been started by state officials following the mad dog scare at Masontown. It is estimated that nearly 1,000 animals will be slain before the county is entirely covered.

More than 500 dogs have been slaughtered in Uniontown within the last year and an equal number is expected to start the latter part of the week. Fines of \$350 were assessed on 22 dog owners who were arraigned before a justice in South Brownsville.

Officials have declared war on all unlicensed dogs in the county.

Woman Is Dead;  
Result Of Burns

ROCHESTER, Pa., May 21—Miss Eliza Muller died at her home in New Sewickley township from burns suffered at her home on the morning of May 18, when her clothing caught fire at an open coal stove. Daughter of the late Richard and Eliza Muller, she was born October 31, 1855, spent her entire life in Beaver county, and resided where she died for more than 50 years. She was a member of the First Presbyterian Church, New Brighton.

## Five Hundred Reserve Officers Are Expected

Local District Will Have More  
Than Ten Officers Present At Camp

Five hundred reserve officers of the 99th division, are expected at the state convention and contact camp of the Pennsylvania Reserve Officers Association to be held at Conneaut Lake, May 30-June 2.

Featuring the big convention, will be aviation day, which has been designated for Saturday, June 1 with Colonel Harry C. Fry of Pittsburgh, in charge as chairman. During the afternoon of that day there will be combat and army aerial routine.

A giant amphibian airship, one of the crack machines of the United States Army which made the South American flight, will bring Colonel David L. Stone to the contact camp. The big ship will land in Conneaut Lake and will present to Western Pennsylvania one of the few views of a ship equipped for both sea and land service.

More than half the potential reservation list for the convention and camp has been filled now. On May 3, there will be memorial service with Charles Gebert, state commander of the American Legion and Rev. John C. Ward, bishop of the Episcopal diocese of Erie as the principal speakers.

The number that will attend from this district will exceed ten.

## TRAFFIC REGULATIONS

New Castle, Pa., May 20, 1929.

EDITOR NEWS:—Please permit me to express an opinion regarding our traffic regulations.

Has the law been changed regarding the traffic lights and the main thoroughfare signs?

If it has not then the rules are not enforced anywhere in the city, and it does not need a prophet to predict a serious accident, one of these days on one of our busy corners. After the accident, of course, the lines will be drawn tighter, so as to prevent another. Why not enforce the rule now, "before the horse gets out of the barn and breaks its leg?"

Motorists have been in the habit for some time of going through the yellow light. Nothing was done. Now they are growing bolder, and very often you may see two or three cars slip through even after the light has turned red.

It also seems that the yellow light is the signal to start instead of the signal to get ready.

Again at intersections where left turns are allowed, some drivers have so little respect for others rights that they "cut corners" very short in order to beat a car coming to meet them on through traffic.

Regarding the stop signs. They are either not seen or no attention is paid to them. I have seen pedestrians nearly run over by motorists coming out of alleys or side streets who do not even slow down, and if the pedestrian escapes, the look the driver gives him is often enough to kill him.

The worst offenders are New Castle drivers because out-of-town drivers are always careful, unless they have been here before.

It is time our Mayor as head of the Police Department should look into traffic regulations enforcement.

Piles Go Quick  
Without Salves or Ointment

Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.

Had circulation causes piles. There is a complete stagnation of blood in the lower bowels, and a weakening of the parts. Dr. J. S. Leonard found the remedy was called the "Pile Cure." He cured his 1400 cases with the marvelous record of success in 34 per cent, and then decided it should be sold by trusted druggists everywhere under a right money-back guarantee.

Don't waste any more time with outside applications. Get a package of "Pile Cure" from McKee's Kidney Store, Eiders of New Castle, Pa., today. It has given safe and lasting relief to thousands and will do the same for you, or costs you nothing.

YOUR protection is Our job

We consider it our duty to protect our customers from inferior merchandise that can bring only disappointment and dissatisfaction. From the many brands of goods that are offered us, we therefore select and carry only products that we can guarantee because they are guaranteed by a manufacturer we know and trust. Only in this way can we insure you of the greatest value per dollar spent; and build our own business by preserving your good will and confidence.

Pittsburgh Hotel Men Meeting Here

Managers Of Hotels In District Are Guests At "The Castleton"

Fifteen hotel managers from eight different cities of the district will be the guests of John L. Shick, manager of The Castleton, this afternoon and evening. The affair will be the regular monthly meeting of the Pittsburgh Hotel association of which The Castleton is a member.

The group of visitors are expected in the city about 3 o'clock this afternoon. As a part of the program a tour will be made through the plant of the Springfield Pottery here.

This evening at 7 o'clock a dinner will take place and following which the business meeting of the association will take place.

Men who are expected to attend the meeting here today are:

S. L. Bendish, Pittsburgh; Fred W. Leach, Rochester; John F. Lindsay, Washington; G. P. O'Neil, Pittsburgh; A. J. Pitt, Greenburg; Frank H. Lyons, Uniontown; Harry B. Lowe, Williamsburg; H. T. Mims, Pittsburgh; H. F. Moore, Pittsburgh; Simeon Nixon, Butler; Brown Nixon, Butler; Raymond Kenny, Pittsburgh; George S. Lehner, Pittsburgh; Russell Kuhn, Sewickley; Frank Hanna, Pittsburgh; J. Fred Kline, Pittsburgh; Stanley Green, Pittsburgh; W. L. Baker, Pittsburgh; and M. Morris, Pittsburgh.

Special Services At Moravia Stop Alliance Church

The special evangelistic meetings which opened last week in the Christian and Missionary Alliance church at Moravia Stop on the Harmony line have created a fine interest and large congregations are attending each service.

Rev. Adolph Mahler of Valois, N. Y., is assisting the pastor Rev. Keenan. Rev. Mahler delivered an able message on Sunday evening on the theme "The Ten Lepers."

Music by Miss Sadie Lewis and Miss Mildred George of this city and instrumental numbers on the musical saw and trombone by Rev. Keenan add much to the inspiration of the meetings. A trio comprised of Misses Locke, Neil and Kennedy sang Sunday evening.

The church under the direction of the chorister John Bunney with Charles Bunney at the piano render special music at each meeting.

The services will continue each evening during the week.

The Story Of The World War  
XV—The French Repulsed In Alsace-Lorraine

AUGUST 20, 1914, THE 2ND FRENCH ARMY UNDER GENERAL DE CASTELNAU, MAKING A DRIVE INTO LORRAINE, ATTACKED THE GERMAN ARMY OF CROWN PRINCE RUPPRECHT OF BAVARIA, WHICH WAS HOLDING STRONG POSITIONS AT SAARBURG AND MOREHANGE.

AS THE FRENCH INFANTRYMEN DASHED FORWARD THE GERMANS SPRAYED THEM WITH A DEADLY MACHINE GUN FIRE. CONSPICUOUS IN THEIR BRIGHT RED PANTALOONS AND CAPS, THE FRENCH SOLDIERS PRESENTED EASY TARGETS, AND WERE MOWED DOWN LIKE GRASS BEFORE THE SCYTHE.

# Tony Herrera Outpoints Ferro In 10 Rounds

## Tony Proves Too Clever For Ferro

Fans Witness Sensational Battle In Main Bout At Jolly Bowl

### LEO MOZDY STOPS GRAHAM IN SECOND

By ED FRITZ

Much to the surprise of the crowd, when Tony Herrera, 135, Chicago, captured the decision from Frankie Ferro, 125, Philadelphia, in a 10 round main bout at the Jolly Bowl. In fact the fight was one of the best that has been staged in the history of the sport, and the crowd was so big that the Mexican tried to get out of the ring in the second round. He was held back by the referee and the fight continued. Ferro got close to punching like a horse.

Herrera took the first part of the fight with room to spare because he had too many gloves for Ferro, but as the fight progressed he could not land hard enough on Ferro to make him stop boxing in and natural when Ferro got close he punched like a horse.

In the seventh round Ferro and Herrera had both had a session. In fact it looked as though the Mexican star had punched himself out and would come into a hazy state, but he didn't and between round and round he was back to his old self. From then on Frankie was dangerous.

Pedro kept boxing in and until the last blow was landed in the tenth round was with him. But Herrera won by a clear-cut margin. To this there can be no argument but Ferro captured the fancy of the crowd because he continued forcing the fighting under all conditions.

Sluggers vs. Boxer. Put Ferro in the ring with a less skilled opponent than Herrera and the tale may be different. There is no question but that Tony is a masterpiece as a boxer and he carries a deadly kick but Ferro did not let this bother him and kept fighting every second.

It was a fight all the way, one of those kind of battles in which a finished, smart boxer is pitted against a smart, game slugger and it turned out as they all generally do—the boxer wins but the slugger pleases the fans.

All of the fights were good. In fact it was a million dollar show. \$2,000 and fans who missed it can feel that because they'll not see them clash again. It was the only time, the seventh round, to be precise, when Tony ever looked weak.

Carl Cavelli, New Castle bantamweight defeated Bobby Dempsey of Ambridge in a hot six round bout. They nailed each other with everything they had and for six rounds kept the fans shouting. Dempsey is a new face in the Tri-State district.

Leo Mozdy of Erie chalked up a knockout when he rolled Scotty Graham of Akron, flyweight, by a full count in the third. Leo dropped Scotty four times in the second and after Graham had been rolled the fourth time Referee Chip stepped the fight.

Pete Mazzeo, 121½, Cleveland, received the nod from Referee George Chip in his four round bout with Pers Johnson of Akron. Johnson put up a good fight and it was not from start to finish. The judges disagreed and the referee gave the award to Mazzeo.

The same situation arose when Vito Mazzeo, Cleveland bantamweight and Roy Munroe, the local pugilist, fought four rounds. Mazzeo proved too good a boxer for Munroe and the officials split and Referee George Chip gave the bout to Munroe.

Larry Geor, Franklin, represented the commission. Peter Capriola, kept time. Tommy Jones and "Big Jim" Dunn judged the bouts. George Chip was the third man in the ring. Bill Jolly promoted the show which made a great hit with the fans.

Yanks, Athletics and Browns Appear Ready To Fight It Out In American League

Cubs, Cards and Pirates Seek Laurels In National League Struggle

NEW YORK, May 21.—Skim the one-two-three clubs off the Major league bottle this morning, mix thoroughly with one part intuition and two parts common sense, leave in a cool, dry place and let it stand for four months. It can afford to stand for four months. As a matter of fact, it probably will.

One month of baseball in the National League has all but convinced the hard New York that the fight lies between the Cubs and the Cardinals. The latter are good but better ball clubs than Pittsburgh have lost pennants and thought nothing of it. The Giants might even get up in time to break into the first three but they are no pennant winners, a fact which even John J. McGraw is beginning to suspect. It looks as though they left their fight in the gymnasium.

## Lawrence County League Doings

Commissioner Louis "Pick" Glitch today submitted the standing of the Lawrence County League for the first nine games which shows the Pentastar team in the lead with four victories and no defeats. The Wampum and Hillsville teams are tied for second place with two victories and one defeat apiece. The Italian A. team is third with one and one. The Bessemer and Slovaks have failed to win.

### The Standing.

	W	L	Pct.
Pentastar	4	0	1.000
Wampum	2	1	.666
Hillsville	2	1	.666
Italian A.	1	1	.500
Bessemer	0	2	.000
Slovaks	0	2	.000

Games tonight: Wampum at Hillsville, with Ross and Domenick umpiring. Bessemer at Slovak A.C. with McCann and Nale officiating.

The Browns aren't a hot choice now after losing successive series to the Athletics and Yankees in the west. This, of course, is more or less snap judgment, and without the latter judgment, the Browns are only 2-2.

Games out of the lead and a young club like this is liable to come when the sun-baked fields of August and September begin to bear down on clearly legs.

Cubs Look Good

There is one pennant possibility not yet mentioned, the Detroit Tigers. They are a hot tip all through the middle west, where some ever go so far as to say that they will win the pennant. And in truth, they have the best pitching in the league in Uhl and enough hitting for two ball clubs. But no outfit ever won a pennant without a Major League shortstop and it is my hunch that Detroit is not due to upset precedent now. This entry, however, will go a lot of places and do a lot of interesting things before they pay the winners off in the fall.

The Cubs naturally are the best bet in the National league and not altogether because of their hitting and pitching. The most significant development in connection with the Chicago club is that it left home out of the lead and came back in first place. No Cub team since Joe McGraw took the stadium over and made Chicago a chronic contender had been able to win on the road, prior to the first eastern trip in 1929. It is my guess that, when the time comes, the Cubs will proceed to show that they are the class of the National league.

The Cards are the entry they have to lick, with the Pirates and Giants almost equally dangerous. The latter will have to come from the back of the pack but everyone knows that they don't belong where they are, even without a second baseman. They probably will do what every Giant club has done in recent years, come with a rush but come too late.

Methodists Win From Croton 5-3

The First Methodist Church team defeated the Croton 5-3 team in a 2-6 inning, New Castle Church League game, played at the Lehigh field on Monday night. The game was a pitching duel with Honkonen and Hughes throwing them up for the Methodists. Dahlberg and Nolan had two hits apiece to be the feature hitters.

## "ANOTHER FEATHER IN OUR CAP" HELP REACH GOAL SET OF \$45,750

### Many Feathers Already Seen

School Children May Donate  
Subscriptions 100% In  
Each Room Of Local  
Schools

### SCHOOLS MAY DONATE WARD FURNISHINGS

ELLWOOD CITY, May 21.—The slogan "Another Feather in Our Cap" which is being exploited by the 1929 Community Chest drive, is meeting with the approval of Ellwood City judging from the many red feathers already noticed here. Many of the downtown stores are displaying 100 per cent signs in their windows.

Yesterday the three banks, the Matthews Conveyer company and out-of-town subscriptions amounted to \$4,395. This amount was published on the large red feather on the lawn of the Central school building last evening while the high school band played appropriate airs.

The school children are being solicited and each room that donates 100 per cent will be given a large card showing this fact and a large feather. The donation of the Matthews Conveyer company this year was \$2,134 which is a 40 per cent increase over last year. Providing the money derived from the school children for the chest is of sufficient amount, three wards will be furnished under the name of the schools, in the local hospital.

Wednesday and Friday nights the members of the American Legion Bugle and Drum corps will play on the school lawn while the large red feather is being decorated. Friday evening the winners of the poster contest will be awarded their prizes.

When washing dishcloths gloves add a few drops of glycerine or olive oil to the last rinsing water to prevent them from becoming stiff.

### New Bridge Is Near Completion

Structure Between Ellport And  
Wurtemburg To Be Ready  
For Traffic Soon

ELLWOOD CITY, May 21.—The Peris Construction Company of Pittsburgh will complete the work on the new bridge, which spans the Connoquenessing creek between Ellport and Wurtemburg, this week. The construction, which is a modern steel structure with a cement floor, has been completed. The five-foot attachments for pedestrians will be finished in a few days. Painting and a few minor details will be completed and it is expected the commissioners of Lawrence county will formally open the bridge some time near June 1.

The present structure replaces the old wooden bridge which was built in 1894 and was not adapted to present day traffic.

### Orange Lodge Will Have Entertainment

ELLWOOD CITY, May 21.—Protestant Boys' Loyal Orange lodge will hold a special meeting and entertainment in their hall in the First National Bank building on Thursday evening, May 23. A fine musical program has been arranged and several fine speakers have been secured for the occasion.

The Rev. John S. Taylor, rector of St. Mary's Episcopal church of Rochester, will be the principal speaker. Dr. Taylor is a member of the Rochester lodge and a noted speaker. The other speakers will be announced the night of the meeting. The meeting will be open to the families and friends of the members and the local ladies' lodge will be special guests for the evening.

The lodge will hold a short business session commencing at 7:30 and the doors will be open for the special meeting at eight o'clock.

The lodge is arranging for a class initiation which will be held on June 6th, with candidates from all the lodges in district No. 14.

The local Preceptory will hold its regular meeting on Tuesday evening with initiation of candidates in the Mark degree.

### Raymond Labozzo Dies On Monday

ELLWOOD CITY, May 21.—Raymond Labozzo, aged 48, passed away Monday evening in the local hospital after a serious illness. His late residence is 314 Division avenue. In addition to his widow he leaves two sons, three daughters and a brother Samuel Labozzo, residing on Sixth street.

Funeral arrangements are incomplete, but it is thought services will take place Wednesday.

The dining room of the church will be appropriately decorated and the men of the church have planned a delicious menu.

### W.C.T.U. Members Plan To Attend Institute Soon

ELLWOOD CITY, May 21.—Fifteen members of the Women's Christian Temperance union met Monday evening at the home of Mrs. Harry Brown of the Pittsburgh Circle.

It was announced at the meeting that there would be an Ella M. George institute in New Castle on June 18. This institute will include W. C. T. U. members from five counties. The local women plan to attend the sessions.

The meeting concluded with a social period and lunch.

### Legionnaires Hear Memorial Day Plans

ELLWOOD CITY, May 21.—Forty members of the J. Wilbur Randolph post of the American Legion met on Monday evening in the Legion headquarters on Sixth street.

Routine business was disposed of and the members heard reports of the Memorial Day committee. The committee will march to the Immanuel Reformed church in a body, in company with all other patriotic organizations of the city, the Sunday morning following Memorial Day. They will extend the 11 o'clock service.

Last night's meeting concluded with cards and a nice feed by the mess sergeant. Visitors present were Malcolm Cox, drum major of the Sharon Bugle and Drum corps, and Mr. Shook also of Sharon.

### Mrs. Loring Gelbach Entertains Club

ELLWOOD CITY, May 21.—Mrs. Loring Gelbach of Second street entertained the members of the Original Bridge Club Monday afternoon at a pretty bridge-luncheon in her home. Covers were laid for 8 with Mrs. Carl Davidson as a special guest. Luncheon was served at one large table centered with a lovely arrangement of tea roses while other decorations were in spring and wild flowers.

The afternoon hours passed pleasantly with two tables of bridge in play. Mrs. H. E. Helting and Mrs. Davidson won the honors. In two weeks Mrs. Lillian Thomas of Glen avenue will entertain the club.

### Mrs. Henry Eicholtz Is Club Hostess

### Congregationals Trim Christians

The First Congregationals defeated the Central Christians 7 to 2 in a church league game played at the Clifton Flats field. The pitching of Huston, who allowed but seven hits, kept the Congregationals in the New Castle Church league race.

McClure pitched good ball for the Christians, giving nine hits and striking ten men, but five errors behind him let in several runs. Morgan, Rogovin and Jones had triples to lead the hitting.

## Triangular Meet Is Postponed, To Be Held Tomorrow

Rain Today Causes Postponement Of Triangular Meet Until Wednesday

### By "BUGS"

Ralph H. Gardner faculty manager at Senior High, took one look at the weeping skies this morning, and decided that to stage the big triangular track and field meet today, at Ben Franklin Field, that rowboats would be vitally necessary and so declared the meet off.

Word was sent to Washington and Wilkesburg, and Coaches Day and Carroll, readily agreed that to try and have the meet today was quite out of the question.

"With Wednesday be alright," quipped Gardner.

Both coaches agreed that Wednesday would be suitable, and so, if Jupiter Pluvius will do a highway, and allow Old Sol, to strut his sunshine for just a few hours, the meet will be pulled off on Wednesday afternoon as per schedule.

The meet tomorrow will start at 3 o'clock. There will be no changes in any of the plans. The loving cups untarnished by the heavy deluge of rain water will be awarded the winning teams, etc.

It would seem that Jupiter Pluvius is having an unusually long reign and it is about time that something was done about it, but until the scientists invent a rain-delayer device, the inhabitants of this old world will have to put up with it.

You can play football in the rain and mud, but the staging of a track and field meet is something else.

## Mahoning Defeats Baptists 6 To 4

The Mahoning M. E. team defeated the First Baptist outfit, 6 to 4 in a game played at the E. & A. field on Monday night. The Mahoning boys had two big scoring innings, the fourth and sixth.

Kerr and Robinson both pitched good baseball, the former allowing but eight hits, and the latter allowed nine bingles. Moore with a pair of doubles led the stick attack, while McIntosh, Tindall and Perry had two-base blows.

## Haines Pitches Cards To Victory

Cardinal Hurler Out To Set  
Record Of 25 Victories  
For Cards This  
Year

By LES CONKLIN  
International News Service Staff  
Correspondent  
NEW YORK, May 21.—Jesse Haines, leather-faced hurler who won 24 games for the Cardinals in 1927 and 26 last year, is off to a running start in his attempt to hang up 25 wins for the champions this season. The 35-year-old knuckle ball artist recovered his 15th straight triumph of the current campaign in setting down Cincinnati yesterday, 5 to 1. His opponent, Red Lucas, who beat the Cards regularly last season, had won four straight.

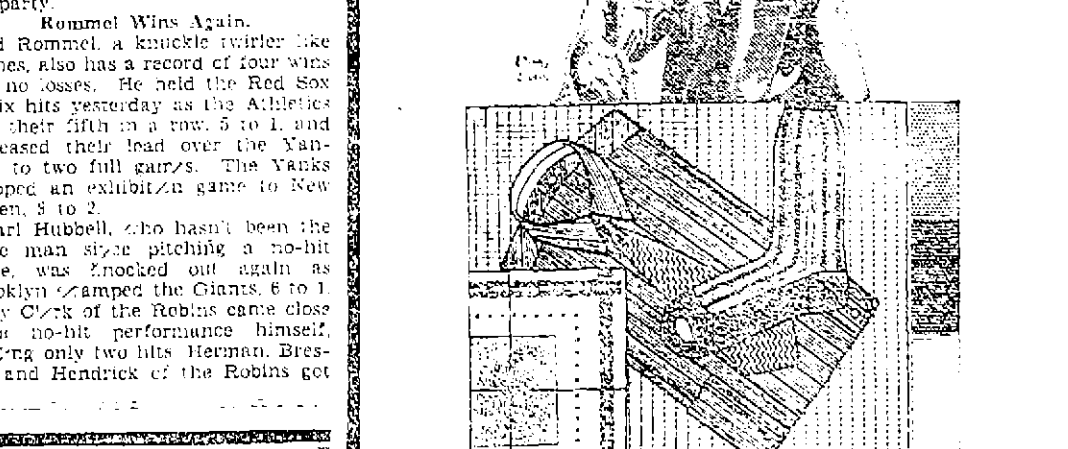

Big Jess finished the 1928 season with nine consecutive victories, and so yesterday's performance ran his string up to fourteen. His setback at the hands of the Yankees in the third game of the last world series is the only blot on his record during this streak.

Guy Bush, unbeaten this season, registered his fourth victory of the year in pitching the Cubs to a 6 to 1 win over Pittsburgh. Steve Swetonic, a rookie, gave Bush a great battle until the Bruins jumped on him for four runs in the eighth. Stephenson's triple with the bases loaded broke up the party.

Rommel Wins Again.  
Ed Rommel, a knuckle twirler like Haines, also has a record of four wins and no losses. He held the Red Sox to six hits yesterday as the Athletics won their fifth in a row, 5 to 1, and increased their lead over the Yankees to two full games. The Yanks dropped an exhibition game to New Haven, 3 to 2.

Carl Hubbell, who hasn't been the same man since pitching a no-hit game, was knocked out again as Brooklyn's Hammer the Giants, 6 to 1. Lefty Clark of the Red Sox came close to a no-hit performance himself, yielding only two hits. Herman Bessler and Hendrick of the Robins got four straight.

## "Extortion" Plot Against Constance Morrow Is Nipped

Expect Arrest Shortly in Case Of Extortion Against Miss Constance Morrow

CRANK DEMANDED SUM OF \$50,000

**International News Service.**  
BOSTON, May 21.—An arrest in the so-called \$50,000 extortion plot against Miss Constance Morrow, fifteen-year-old sister of Colonel Charles A. Lindbergh's fiancée, will be made within a day or two, according to information obtained today from Boston and Dedham police.

The identity of the man who was reported to have ordered the young girl to carry the sum of money from her dormitory at Milton Academy to an isolated spot in Westwood and hide it behind a stone wall, is known, according to Inspector Edward P. Flannagan of the Dedham police.

**Life Threatened.**  
Inspector Flannagan also confirmed reports that Constance's life had been threatened.

Flannagan said that the person he believes sent the \$50,000 or death "threat" was the sender of similar letters to others in the past. He has a complex of this nature, Flannagan believes.

The plot was foiled, according to information obtained from police, when Constance was spirited away to New York and a girl "double," who was introduced as a student at the academy, took a "blind" package to the spot designated. A watch was kept for the blackmailer, but he failed to appear. Meanwhile, Constance with her sisters, Anne and Elizabeth, and their mother with Lindy flew from New York to North Haven, Maine.

Armed guards were stationed about the Morrow estate. This revealed the "Lone Eagle" as not seeking asylum for himself and his bride-to-be but in a gallant endeavor to protect his fiancée's little sister from harm.

**Package Untraced.**  
The "blind" package was in the stone wall today where it has been since Saturday but nobody had appeared to claim it although a diligent police watch was maintained.

According to best information here Constance will be kept under guard either at North Haven, Maine, or Enfieldwood, N. J., to which the Morrows may fly with Lindbergh within a short time.

The letter to the girl was understood to have contained a threat of torture as well as death.

Ambassador Morrow is still in Mexico City. When members of the Morrow family were advised of the threat they communicated with influential friends in New York. Police were notified and private detectives were brought into the case.

## Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

For many years I have wondered just what happened when Greek met Greek. The old adage is that "then comes the tug-of-war", but in these days no one wants to go around carrying a tug-of-war rope waiting to meet somebody desirous of such a struggle.

So, I say, I have often wondered, I know now what happens when Greek meets Greek. They hold a banquet. Last night there wasn't only one Greek, there were nearly 400 met in the Ohio hotel in Youngstown, O., and the only tug-of-war was the oratorical battle. There wasn't only one good speech, there were at least nine dandies.

Unfortunately for some of us who have to make a living, this daylight savings time meant that it was 12:45 when the banquet was over, but while it lasted it was a real affair.

Driving back from Youngstown in the "wee sma" hours of this morning was an experience. The rain was doing its best to crash through the windshield and the road looked like a carpet of ice. And to add to the picture, every now and then one of those roadside crosses loomed up in the ditch, bringing up the question as to whether or not some of them weren't caused by weather like we experienced.

**WHAT WINTER, WINTER?**  
Sign in a local store: Winter is coming, better get your furnace fixed.

As if the present weather didn't require a furnace. If it keeps up the railroads are going to make a lot of money running trains to the south for the summer vacations. According to the weather it is still about March 10th.

Once a week or so this column offers a suggestion. Sometimes it gets across and sometimes it doesn't. This one concerns the flood lights on Old Main, New Wilmington.

Through the generosity of the class of 1928, flood lights bask the tower of the building every night with shafts of light. A splendid idea to be sure, it stands the tower out against the sky in bold relief, a sort of educational beacon that dispels the limps of ignorance.

For a mile or so before one gets into New Wilmington the light can be seen, but before getting to Furness Hill an advertising billboard shrouds the view for a stretch. It breaks what is known in newspaper parlance as the reader interest and because of this it seems to me that the board would do quite as nicely on the other side of the road.

In other words, give the lights the chance to show to the best advantage.

And by the way, some dry evening—if it ever quits raining—take a ride up to New Wilmington after dark and take a look at the lights flooding the tower. It is a picture that you will remember, a piece of publicity for the college that will get across, a sight that must gladden the hearts of every Westministerite.

It seems now as if the May Day pageant for next Saturday up there was well chosen. It is a tale of the sea, and unless dry weather crashes through in the next three days, that is what it will be, a pageant in a sea of mud.

Callibrating around in abbreviated dresses and sandals, while the weather is like this, is one way of catching pneumonia. All right for football players, but terrible for tenors and May Queens. That is the weather, not pneumonia.

Did you ever play mushball? No foolin', it's a game. Some of the big strong boys around this office who have laughed at golf for many years are now in a mushball league. Mushball is the same relation to baseball as near beer is to the 18th amendment. The next step is a corner rocker and slippers.

## Speed Construction On County Schools

Expect To Commence Foundation At Bessemer Next Week; Harlansburg School Well Under Way

Workmen are removing dirt from the rear of the Bessemer high school at the present time, preparatory to commencing the work on the foundation of the new annex which will be equivalent to a 10-room addition.

Actual construction work is expected to begin probably by the first of next week. At the present time rain is hampering progress to a small extent.

The new annex is to be ready for occupancy by the opening of the fall term of school.

Reports from the Scott township high school building at Harlansburg show that the foundation has been completed and the brick work is now under way. Contractors state the excavation work there has been completed with little difficulty since the earth was of sand and gravel.

## Parents-Teachers Select Officers

Mrs. Chauncey Davis Is Named President Of West Side Organization

Mrs. Chauncey Davis was elected to the presidency of the west side school Parent-Teacher association for the ensuing year when the members met at the school building last night for their usual monthly meeting.

Mrs. Davis, the new president, will take office immediately, succeeding Mrs. Earl Sweesy. Mrs. Sweesy was just recently chosen to the presidency of the Lawrence County Parent-Teacher chapter.

Other officers selected were as follows: Mrs. Charles Colinet, vice president; Miss Jessie Calahan, secretary; and Miss Helen Maxwell, treasurer.

"Choice of Books for Children's

Reading During the Summer Vacation" was the subject of the principal talk of the evening given by Miss Suzanne Young, senior high school librarian. Miss Young outlined what kind of reading would be best for children of the grammar and intermediate grades.

A group of west side children gave an entertainment in which were represented various pictures such as "Feeding the Young Birds" and "The Gleaners." For each picture a pupil explained the artist's work and told of his life.

## Fred D. March Taken Ill While Driving His Car

Suffers Attack Of Ptomaine Poisoning While Enroute To Buffalo

Fred D. March, of 331 Shaw street, well known contractor, has been confined to his home for the past few days by a sickness, which developed while he was driving to Buffalo, N. Y., recently for a visit with his son, Thomas, who is a medical student in that city.

His sickness is in the nature of ptomaine poisoning and was caused in the opinion of Mr. March by eating a hamburg sandwich which he obtained at a wayside lunch room about thirty-five miles from Buffalo. The place was clean but he believes that the meat was not cooked sufficiently.

At any rate, shortly after eating it, he was taken so ill that he could no longer drive his machine and was compelled to pull to the side of the road. Many cars passed but none of the drivers seemed to notice his condition.

Finally a large freight truck drew up behind him and the driver inquired what he could do. Learning of the sickness of Mr. March, this man drove to the nearest town, some miles away and secured a driver for Mr. March, who drove him on into Buffalo.

Owing to his condition, he was compelled to hire a driver to bring him home and he has been confined to his home ever since.
